All persons contemplating advertising are cordially invited to call and examine our subscription book and bills for paper, and be convinced of the truth of the-above assertion. Our terms are moderate.

Hon. Walter M. Gibson, formerly of this County, but now a resident of the Sandwich Islands, is at present on a visit to his relatives and friends in this County. At the request of a number of the citizens of the town, he delivered on last Tuesday evening a very instructive and interesting lecture on the political condition, agricultural resources, and commercial relations of the country. We will publish in our next issue an outline of the lecture, which will be read with interest by our subscribers.

We regret to record the death of Mrs David Simmons, wife of Rev. David Simmons, who died after an illness of several weeks in Lyr ten, Cass County, Texas, on the 13th day o September last. Rev. David Simmons removed from this County to Texas some ten or twelve years ago. Mrs. mons was an aged mother in Israel, and died in the hope of a blessed immortality. The bereaved ones, in their far-off home, have the sympathies of a large cir le of relatives and friends in this County in their sad bereavement.

William R. Parker, the Radical leader in this County, in a speech at Townville on last Friday, advised the colored people to vote for any man who would run as an independent in this County, because he said that was the best way to break up the party. In this he told the truth, and our people should remember it. Any person who runs as an independent now is really a Radical, though he may pretend to be a Democrat. If possible, he is worse than a Radical, because he has a desire to assist them to break up the Democratic party, and at the same time pretends to be a Democrat, in order to deceive enough Democrats into voting for them to elect, when combined with the Radical vote, which they are sure to get solidly. Our people should remember this, and vote the Democratic ticket solidly, not only to secure victory now, but to deter independents in 1880. Nothing but a full acceptance of the Democratic nominations will continue the party in power, and assure its future ascendancy. Let there be no disaffection on next Tuesday.

Remember that indifference often leads to defeat. Do not forget Tuesday next!

"SINGLE LIFE." At the request of many in town, who did not see the performance of this splendid comedy, the ladies and gentlemen performing it have consented to render it again on Friday night, November 1st. All should go, as it is for the benefit of the Episcopal Church Rectory, which is nearly completed. The play is excellent, all the parts being most admirably rendered, and those who go will not only enjoy the evening immensely but will be giving to a most worthy object. The Harmonia will furnish the music, which is a sufficient guarantee that it will be first-class. Remember, Friday night Admission, 25 cents; Reserved seats, 50 cents. For sale at Simpson, Reid & Co.

The members of Hunter's Spring Demo craile Club are requested to meet at Hunter's Spring on Friday next, 1st of November, at 2 o'clock p. m. to attend to important ent and address the Club.

R. M. Burriss, Sec. Watson, Pres.

Every Democrat should feel the importance of being punctually at the polls next Tuesday when they are opened, and remaining until they are closed.

great deal of time from their farms in the

course of the political campaign, which is

now nearing its close. While we recognize

the fact that the success of the individual

farmer and mechanic is paramount in the

development of the resources of a country,

at the same time we can conceive of no way

or means by which the two combined can

more interesting by our farmers and gar-

HORSES AND MULES.

As usual, the display here was good,

and elicited the attention of visitors. The

number of entries made was not so large as

on former occasions, but was sufficient to

make this especial feature of the Fair the

most attractive of all others. Nearly all

the premiums in this department this year

were taken by citizens of our own County,

which is, to say the least, a favorable and

gratifying indication. There is no reason

why Anderson County cannot have as fine

horses as her neighbors, and we hope in the

future more attention will be paid to this

department by our citizens. The mules

this department, who had on exhibition no

only a large lot of fowls, but also a collec-

attracted considerable attention. Their

chickens and turkeys were certainly as fine

as any we ever saw, and if the grades ex-

they would surely improve the quality of

our fowls, which, as a general thing, is not

very good. In addition to the splendid

which are always especially fine. Just

MISCELLANEOUS DEPARTMENT. Among the novelties here the most prominent is a "postage stamp fire screen," exhibited by Mrs. R. L. Keys, and which is too unique to attempt description. This department is always interesting, as it is here we find collected the novelties and curiosities of the Fair. A very prominent feature of the Fair this year is the fine display of the

of Greenville, which contributed a great deal to the pleasure of the occasion. Two pianos and several organs were kept busy the greater part of the time by fine performers. A large collection of sheet music was displayed, and Mr. and Mrs. McSmith did everything in their power to add to the interest of the Fair.

This concludes the sketch of the most im portant features of our County Fair, and although an imperfect one, it will, we hope, assist those of our readers who were not present to form some general idea of what it was, and to what extent successful. For the persevering and energetic efforts exerted in behalf of the Association by its President, Hon. B. F. Crayton, and acting Secretary, Col. Jas. L. Orr, too much credit cannot be given. 'The closing feature of the occasion, as usual, was the report of the Secretary, made up from the reports of the various awarding committees, which was made in the building about 3 o'clock on Friday afternoon, when many anxious hearts were relieved. The crowd then dispersed, and everybody seemed well pleased with the eleventh annual fair.

### ABBEVILLE PRESS & BANNER AND THE STATE BOARD OF EQUALIZATION.

The Prass and Banner is greatly exercised over the action of the State Board of Equalization in raising the assessment of real estate in Abbeville County, and so far as it reflects upon the action of Col. J. N. Brown, it does that gentleman great injustice, as he was unavoidably absent from the meeting of the Board until the last day, and had nothing to do in raising the assessment. He states, however, that had he been present, no doubt he would have concurred with the Board, and is willing to bear his share of the responsibility. He says that he was present when the Board increased the assessment on incorporated cities, towns and villages, and it raised it on property in the Abbeville towns and villages twelve per cent., in Anderson thirteen per cent., and in different amounts in certain other counties. If Abbeville is grievously wronged, no doubt the Legislature, where she will be so ably represented, will extend to her the relief to which she The great depression in business and the stringency in money matters, have caused a decline in real estate everywhere, and forced sales show a great falling off in prices, but the taxpayers in some Counties have come up nearer to their former assessments than in others. It is presumed that the Board will explain their reasons for their action, as it is made s source of so much grievous complaint by

Maj. E. B. Murray, of the Anderson INTELLIGENCER, heads the ticket to the Legislature. For so young a man to be the editor of the biggest weekly in the State, and to head the ticket from the biggest Democratic County, is, to say the least, glory enough for one day. He has our sincerest congratulations.—Winnsboro News and Hereits

The primary election in Anderson County was held on the 18th instant, and at the head of the ticket for the House of Representatives stands a young man who is surely destined to be a leader in South Carolina ly destined to be a leader in South Carolina. We allude to Edwards B. Murray, Esq., editor of the Anderson INTELLIGENCER. Mr. Murray—the oldest son of Rev. John Scott Murray, a lawyer and Baptist clergyman of great ability and very high character—is not yet twenty-four years of age; and still, for the last two years, he has been the ablest editor in our State, and now goes to the Legislature as the son whom Anderson most honors. We have had kindly relations with him and his in other times; and now it gladdens our heart to see him achieving such honorable success so early in life.—Edefield Advertiser.

in life.—Edefield Advertiser.

The primary election in Anderson have resulted in the election of Col. B. F. Crayton for the Senate, and Messrs. Murray, Brown, Mattison and Wilson for the House. With all of these gentlemen but Messrs. Mattison and Wilson we are acquainted, and without hesitation we say Anderson has put forward a good ticket. Col. Crayton is well known as the President of the State Agricultural Society, and as one who has done much for the farming interests of his County. Major Murray is the young, talented County Chairman of the Democratic party and editor of the Intelligences, than which no purcr and bolder journal is published in the State. Dr. Brown was in the last Legislature, and made his mark as a bold thinker and ready talker. In such goodly company are I essrs. Wilson and Mattison found that, though we do not know them personally, we have no doubt of their fitness for the positions. Anderson always elects her ticket, so, beyond peradventure, these gentlemen will occupy seats to the next General Assembly. And it is a renture, these gentlemen will occupy seats in the next General Assembly. And it is a source of pleasure to know that men of character and ability are being returned thereto.—Ninety-Six Guardian.

#### PENDLETON, S. C., Oct. 25th, 1878.

MR. EDITOR: It would seem from a local in the Williamston Standard of this week, and the comments of individuals, that it is apprehended that one of the defeated candidates for the Senate may run as an independent. As far as I am concerned, I desire it distinctly understood that no consideration under the Heavens could induce me to place myself, or allow myself to be placed, in such a position. A result has been reached in accordance with the rules established by the Democratic party itself, and the individual members of the party must, to a man, support the nomination, else by seeking to redress the imagined or real wrongs of to-day, they will surely work the complete disintegration of the party, and place Anderson County absolutely in the hands of the Radicals. I stated during the canvass that I would have no quarrel with any one who might vote against me. as every one certainly had the right to vote in accordance with the dictates of his conscience. But I did and still do deplore the manner in which some few of the candidates saw fit to conduct the canvass. Such a practice once becoming the rule will prove itself at variance to the best interest of all the people. But the time to correct mistakes is not now. What we want at this time is the burying of private prejudices and such a solidification of the party organization that no internal heat can melt

or dissipate it. To my friends, wherever scattered over the County, I return my warmest thanks for the fervent manner in which they supported and maintained my cause, and especially do I thank them for their unswerving confidence, maintained to the last, in my honesty of purpose and integrity, amidst the thousand and one misrepresentations and lies circulated by designing persons broadcast over the County against me.
